

WESTMORLAND GEOLOGICAL SOCIETY

E-MAIL NEWSLETTER No. 37 - February 2018

February Lecture and AGM

The next lecture will be on 21st February when Prof Harry Pinkerton will be talking about eruptions on volcanic islands. A meal will be organised at the Moon before and if you would like to attend please contact Chris Anderson.

The lecture will be preceded by the AGM and apart from the usual business there are vacancies on the committee to fill if the Society is to continue to function. There is one bit of good news on this front however – Bob Entwistle has volunteered to take over as Treasurer from John Fairhurst when he retires. Since changing bank signatories can be a lengthy process it has been decided to start the process immediately. The AGM agenda and financial report are attached.

Please remember that we start earlier than usual (7.45 pm) this month.

Meal before AGM & Lecture on Wednesday 21/2/18

If anyone would like to join us at The Moon in Kendal for a meal before the AGM & lecture, please let me know by email or phone/text marychrisanderson@hotmail.co.uk / 07505527154. The Moon opens at 5.30 (lovely food & reasonable price) & we aim to be ordering by 6.00. Please do not be shy, we have not had to turn anyone away yet!

Workshop on rocks of the Lake District 27/2/18

Following Audrey's workshop on igneous rocks in January, Clive Boulter is leading a workshop on Rocks of the Lake District on Tuesday 27th February, 2.00-4.00 pm. It will be very much hands-on, and anyone may attend from complete novices to experts. If you would like to attend, or would like more details, please email me to reserve a place marychrisanderson@hotmail.co.uk or text/call me 07505527154
