Number of Lambs:	Flock Number:	Identification Marks:	

### DECLARATION (including compulsory Food Chain Information)

- All prime lambs consigned to McIntosh Donald are under 12 months of age, i.e. No incisor teeth have erupted through the gum. Any lambs which are slaughtered and are classified as over 12 months will be paid at realisation.
- All lambs supplied must be identified by tagging and comply with current legislation and be fully identifiable throughout the animals' movement history.
- Only animals born, reared and finished in Scotland and have continuous farm assurance status from birth are eligible for the 'Scotch Lamb' label.
- All hauliers used must be members of the Farm Assured Haulier Scheme.
- Animals must be on the final producers holding for a minimum of 20 days and will have been resident on no more than three farms.
- These animals are clean and fit for slaughter. If they are too dirty, i.e. the site cannot process them hygienically, I understand they will be clipped at my expense, or they may be rejected and returned to farm.
- No illegal substances or feed containing ingredients of animal origin have been used in the rearing or finishing of these animals.
- No Digestive enhancers/hormones have been fed to these animals.
- Withdrawal periods have been observed for all veterinary medicines and other treatments (e.g. dipping) administered to the animals while in my ownership and previous ownership(s).
- To the best of my knowledge the animals have not been treated with quinolones or 3<sup>rd</sup> and 4<sup>th</sup> generation cephalosporins.
- Sheep and goats on the holding are not under movement restrictions for other animal disease or public health reasons (excluding a 6-day standstill)
- To the best of my knowledge the animals are not suffering from any disease or condition that might affect the safety of meat derived from them.
- No analysis of samples taken from the animals on the holding or other samples on the holding has shown that the animals in this consignment may have been exposed to any disease or condition that may affect the safety of meat, or to substances likely to result in residues in meat.

**ORGANIC ONLY:** All consignors must be members of an Approved Organic scheme and Farm Assurance scheme. Valid copies of organic registration must be given to McIntosh Donald, **PRIOR** to animals arriving on site. None of the lambs in this consignment have been subject to organophosphate dipping.

**I DECLARE THAT THIS CONSIGNMENT COMPLIES WITH ALL OF THE ABOVE**
