The Scottish Older People's Assembly and Dementia Friendly East Lothian warmly invite you to join us at this event. This is a chance to have your say about issues that are important to you. Information on computer learning and activities, plus refreshments and lunch will be provided. The meeting will also include information about the Scottish Older People's Assembly campaigning issues and annual event. This will be held in the Scottish Parliament we hope.

This year, the Scottish Older People's Assembly is looking at how it can influence national policy affecting older people.

SOPA gives a strong voice to older people about their concerns and experience of life in Scotland and informs both the Scottish and UK Governments.
