## **WGP's use of your name and contact details**

If you undertake a role in one or more of the churches in the Wayland Group of Parishes (WGP's) and are willing to be a contact point for that role it is very helpful to be able to make your name and contact details available to others who may need to get in touch with you.

One way we can do this is by publishing your contact details on our Benefice web site [www.wgp.church](http://www.wgp.church)

The purpose of this form is to allow you to give your permission for this and to specify which contact information you are willing for us to make available via our web pages.

It is not compulsory for you to permit us to use your contact details on the web site. You can refuse if you choose to.

If you do give us permission to use your contact information on the web site, you have the right to change your mind at any time and ask us to remove your information.
