

SOB COMPETITION RULES INCLUDING POINTS SYSTEM

1. Entry fee must be paid before the competition begins.
2. Decisions taken by the committee must be adhered to.
3. The competition will be fished on a '**Catch and Release - Token**' system with anglers receiving a token from the boat crew for each qualifying fish caught. Points are as per token value plus one point for each fish.

Others! are all eligible fish not covered on the chart below. Spur-dog **can** count as others as they have to be taken onboard to be unhooked and can then be returned quickly to the sea.

2 point token	4 point token	6 point token	8 point token
Others	Cod 35cm+	Cod 48cm+	Cod 58cm+
	Ling 48cm+	Ling 63cm+	Ling 80cm+
	Pollack 35cm+		Pollack 80cm+
	Whiting 30cm+	Haddock 30cm+	Torsk 35cm+

4. This year all three days will be fished on the same scoring system.
5. The angler with the highest points tally on each boat will be awarded 100% for that day. The other anglers on his/her boat will receive a percentage score in relation to how their score compares to the highest scorer. i.e. - best angler scores 50 points (100% awarded), another angler scores 25 points so awarded $25/50 \times 100 = 50\%$.
6. The following fish will **NOT** be eligible for tokens: -
Coalfish, Mackerel, Dragnet, Sea Scorpion, Blenny, Weavers, Common (Flapper) Skate and Lump-suckers. All types of shellfish are ineligible.
7. Fish for the '**Heaviest Fish**' and '**Best Specimen**' competitions must be retained by the angler and presented for weighing on the pier each night. Any species such as Coalfish etc can qualify for this section as long as they are not protected, protected species such as Spur-dog, Skate etc **cannot** be taken ashore or considered to qualify.
8. Only fish hooked forward of the gills may be weighed in. **Definition:** - a line following the gill cover to the forward most point top and bottom then across to and following the gill cover on the other side.
Ray: - the hook point must be in mouth. Fish hooked by 2 or more anglers cannot be weighed in.
9. No competitor may have more than ONE rod with reel and running line in use at one time, and only one rod with a trace attached. No more than THREE hooks can be attached. Treble hook counts as three hooks and double hooks as two hooks. Treble, double or single hooks fitted with artificial lures must not exceed size 8/0. Hooks on lures must be free swinging except on spoons or eels where they may be fixed.

10. All boats must have a '**Fishing Skipper**' who will be responsible for discipline and fair play on board the boat and for the drawing of boat places each day. Prior to registration night the committee will make a draw to determine from which boat each angler fishes from on each day of the competition.

Larger boats will be drawn as **Port** and **STBD** with each side being fished as an individual boat.

If prior notice is given a couple can be drawn to fish from the same boat. However, when on the boat the couple will each have to draw for a fishing position as do all competitors. When a position is drawn the angler **must fish this position** for this day. A new draw will be made each day.

The '**Fishing Skipper**' will count up each anglers tokens at the end of fishing each day, and mark each anglers result on the supplied score card. Tokens will then be returned to the '**Boat Skipper**' for the next day's fishing. Tokens are the anglers responsibility once received, and will count only if presented to the '**Fishing Skipper**' when requested at count up.

11. When the '**Fishing Skipper**' calls 'Lines Up' at the end of each drift, an angler with a fish on hook call '**Fish On**' to allow this fish to qualify for the competition.

12. Boat casting is permitted ONLY UNDER THE FOLLOWING CONDITIONS:

- a. every angler maintains their drawn position with all anglers fishing from the side of the boat they have been allocated and -
- b. below the rail from outside.
- c. underhand.
- d. no impinging.

13. The Organising Committee do not hold themselves responsible or liable for any accident arising out of the use of the boats.

14. Junior anglers are classed as under 18 years of age, and seniors are 65 years and over.

15. ALL FISH WEIGHED IN ARE THE PROPERTY OF THE ORGANISING COMMITTEE.

Due to increasing costs, anglers are to pay for any engraving on trophies won at this competition (as minuted & agreed OISAA committee meeting 25/08/03.)

THE COMMITTEE RESERVES THE RIGHT, FOR SAFETY OF YOURSELF AND OTHERS, TO SUSPEND OR BAN ANYONE UNDER THE INFLUENCE OF DRINK OR DRUGS ON BOARD A BOAT AT ANY TIME DURING THE COMPETITION. FISHING DISPUTES MUST BE PUT IN WRITING & HANDED TO A COMMITTEE MEMBER BEFORE 6 P.M. ON THE NEXT DAY.

EACH BOAT WILL BE PROVIDED WITH A FISHBOX INTO WHICH ANGLERS ARE INVITED TO DONATE THEIR BETTER FISH FOR THE BENEFIT OF THE ORGANISING CLUB. ANY BENEFIT GAINED FROM THE USE OF THESE FISH WILL HELP FINANCE THE COMPETITION AND PRIZE LIST.
