

Spratton Youth Club is closing

After five years of running Spratton Youth Club, unfortunately the current volunteers are unable to continue due to other commitments. We are consulting with the Parish Council and Northamptonshire Association of Youth Clubs (NAYC) to explore other options and to try to keep the club going with a new committee of volunteers.

We believe that Spratton really benefits from having a youth club and it would be fantastic if new volunteers could take on the responsibility of running it each week. There are funds available to run the club and the existing volunteers would be willing to help establish a new club and give support and advice, as well as help at some of the sessions.

We are meeting with the Parish council on 19th September to find out what support is available from them and if you'd like to contribute your thoughts or ideas then please contact the Chair John Hunt at jfhunt@talktalk.net or Jenny Tilley, youth club leader at jenny.tilley1@btinternet.com

If a solution is found then this will be advertised in the shop window but, until then, youth club will remain closed.

We'd like to thank all the young people that have attended over the last five years for making the club such a successful and enjoyable place to be.
