The closing date for public submissions for 14/02574/FUL (Suisnish Boreraig) is **Friday 14th November**

How to submit a written response:

The on-line response facility has a capacity of 4,000 characters only so if your response is lengthy or is technical in nature, it is recommended you send in a written response, either as a PDF attached to a covering e-mail or by post to:

**The Head of Planning and Building Standards
ePlanning Centre
The Highland Council
Glenurquhart Road
Inverness
IV3 5NX**

Please ensure you quote the correct Planning Application Reference adding the name of the site.

PLEASE NOTE: Unfortunately we have to submit our comments for each site separately.

Based on previous experience, it is best practice to use recorded delivery and also check on the e-Planning website that your letter has been published (uploaded to the appropriate Documents page). Also, please allow extra time **ahead of the 7th and 14th November respectively** for your response to be received. It is very likely that some of the Statutory Consultees (e.g. SNH, SEPA) will not have submitted their responses in time for you to assess them before you send in your comment. We have been assured by Cllr. Thomas Prag, Chairman of the Planning committee, that additional comment letters dealing with these responses received after closing dates will be accepted.

We would recommend typing your response in a word document and then cut and paste into the comments box. There is a time constraint if you type in direct, so pausing to think could lose you your work.
