

October 2015 Crime Figures

From Pc 1603 Howard Shinn:

Theft related offences in the Nevile beat area were the most common problem in October with a number of burglaries and 'theft from garden' offences. Many of these offences were either overnight or over a number of days.

Simple and quite cheap alarm systems are available for sheds from security companies, DIY stores and on-line.

It is worth spending a small amount of money on an alarm to deter offenders or make you aware your property is, or has been attacked.

Tools, equipment motor cycles in sheds and garages can be securely attached to ground stakes using substantial chains and locks or being placed in secure boxes.

All reports of crime should be made by using the 999 or 101 system to report the incident to the force control room. The beat team monitor all calls to the Police involving our area and we attend those incidents that we need to.
