

January 2015 Crime Figures

From Pc 1603 Howard Shinn:

I am pleased to see that the crime figures for the Neville and Wolds beat have reduced this month.

It has been agreed that the Police will look to increase patrols in those areas for the next three months as part of the Police Priority Setting Group request.

I have also been in touch with some of the NHW coordinators in those areas and asked them to promote crime prevention advice and again encourage the reporting of suspicious activity.

It can be seen that Tollerton has been subject to some fuel oil thefts or attempts; I think that rural communities should be especially aware of this and look to take some steps to safeguard against this type of crime. Alarm systems are available to protect fuel tanks.

Not included in the attached figures, but I am aware that we have had two dwelling house burglaries in the first 3 days in February. One was in Keyworth on Nicker Hill where glass was smashed to the rear of the property and an electronic item stolen. Another burglary was in Tollerton where a front door glass was smashed and electronic items, jewellery and bank cards were stolen.

Both of these offences were committed in daylight hours. Investigations are ongoing in respect of these offences.

As always please be vigilant to suspicious incidents or people in your area and report to the Police on 999 or 101.

All reports of crime should be made by using the 999 or 101 system to report the incident to the force control room. The beat team monitor all calls to the Police involving our area and we attend those incidents that we need to.
