

February 2014 Crime Figures

From Pc 1603 Howard Shinn:

Once again we have seen relatively low crime figures for the month of February 2015.

Some issues around vehicle crime on 3 of the 5 beat areas.

Please be aware of special screws that can be obtained to stop number plates being removed and used. The screws are designed that you cannot remove the number plate without causing damage to the number plate. This does not necessarily stop the crime happening, but does stop the plates being used in other crime.

Of the 8 crimes in Keyworth south, 3 were shop thefts, please be vigilant when using the shops in Keyworth and alert shop staff to any suspicious activity. Very often the offenders will conceal items in their clothing.

As always please be vigilant to suspicious incidents or people in your area and report to the Police on 999 or 101.

All reports of crime should be made by using the 999 or 101 system to report the incident to the force control room. The beat team monitor all calls to the Police involving our area and we attend those incidents that we need to.
