

## **November 2015 Crime Figures**

*From Pc 1603 Howard Shinn:*

A very low number of crimes on each area, compared to some previous months, though with the exception of Tollerton each beat area has suffered a dwelling burglary.

I am aware that in one of the burglary incidents the offenders have been caught and put before the court, property has been recovered. This was thanks to work by the local CID officers.

Once again in the lead up to Christmas please be careful leaving presents and shopping on view, either inside your address or on display in your vehicle.

A recent bit of very effective work has been carried out by Trading Standards, Notts. Police and Local Neighbourhood watch members. A company were seen to be 'leaflet dropping' in Tollerton aiming the leaflets at elderly or vulnerable people. Very quickly, Trading standards and the Police were able to get a neighbourhood alert out warning people of the potential issues.

NHW (Neighbourhood watch) also made contact with the residents in the village advising of this situation. The advice is not to buy anything from people cold calling or leaflet dropping, but to obtain at least three quotes from reputable businesses and then make an educated decision as to who to employ.

Quite often people leaflet dropping or cold calling, cannot be easily identified if something goes wrong, or you are not happy with the work carried out. Further you may also being charged excessive amounts for the work.

I know that many of the NHW groups keep email addresses and contact details for residents on their areas. This enables them to pass information on quite quickly should they become aware of any concerns in your community. Email addresses are the easiest way for NHW them to contact you.

Please speak with your local NHW contact, with a view to letting them have your email addresses and contact details. Quite often these will be in your village newsletters. Please also look at signing up for neighbourhood alerts, which you can find details about on the Nottinghamshire Police web site.

As always please be vigilant to suspicious incidents or people in your area and report to the Police on 999 or 101.

All reports of crime should be made by using the 999 or 101 system to report the incident to the force control room. The beat team monitor all calls to the Police involving our area and we attend those incidents that we need to.
