Hill of Nigg Wind Energy Development Public Exhibition

A public exhibition is being held where our proposal for a three turbine wind energy development located on the northern flank of Hill of Nigg, approximately 3km south west of Balintore, will be presented.

Public Exhibition:

Thursday 11th December 2014, Hilton of Cadboll School, Balintore, 4-8pm

The exhibition is being held to give the local community an insight into the proposed development. It is a public event open for attendance by anyone.

At the public exhibition you will have the opportunity to comment on the updated proposals, ask questions and put forward your views to the West Coast Energy project team directly.

Please note that comments made at the exhibitions and thereafter are not representations to the Highlands Council. You will have an opportunity to make representations to the Highlands Council when West Coast Energy submits a planning application for the proposal.

For further information contact Euan Philipps at West Coast Energy on 01352 757604 or by email: communication@westcoastenergy.co.uk
