**NOTE: A separate list of logs disqualified and classed as checklogs can be accessed from the HF RTTY Contest main page.**

**Contestants comments:**

Operated as SOE for the contest. Had fun. Wish 10 meters had opened enough to be worth while. Maybe next year. Thanks for all the "Q's" .... 73 de Jerry NO2T

As always, a fun contest! Got a huge laugh at myself after I questioned KE5PRL about his sending me zeroes for the time--I was too punchy to process the fact that they meant midnite! All in all, great contest! .... Leslie WA4EEZ

Only had 6.5 hours to work the contest but had lots of fun. Love the exchange. Each exchange unique. Not the same old "I know what's next" contest exchange ... Tnx es 73, Art W6KY BARTG #8051

Here is our club station's log for BARTG RTTY contest. Operator was OH6FSE who is 13 years old new ham (licenced at february this year!) and this was his first contest ever .... Regards Harry OH6VM

This contest saved me from a rainy and grey boring weekend .... Roland DL1EAL

The operation took place from Azores. Location was on Sao Miguel Island (EU-003). Operating low power from this location was a challenge but it was worth doing in all aspects ... Tomasz CR1Z (SP5UAF)

My first entry into a BARTG contest. 30 hours on, including a very long break and I'm just about standing!!!! .... Brian G0VAX

Just a part time effort in between numerous family engagements. Thanks for the Qs. It is good to work North America consistently on 15m these days .... Prasad VU2PTT

The 6-h-category is a great idea and a neat little strategic exercise in combining ham life and family life. Most difficult moment was when I had to repeat an exchange more often than expected while in the other corner of the kitchen-shack-combo the pasta sauce started to boil... no damages to report ;-)  
... Christian DL8MBS

It was fine to work once more again in this contest, not many points but make some DX's and this with a IC-703 with 10 watt on a GPA30 Antenna. Nice Contest ... 73 de Pat ON3AD

Hit a personal best in this one. Band condx were flakey. Fifteen meters was like a roller-coaster, up & down. Saturday, 20 meters was lousy, not bad on Sunday. Had a few good runs, but lots of repeats. Still it was fun .... Dick W0RAA

**Contest Manager's Comments:**

The bands continue to improve and it was nice to see a few entries on 10 and 15. Sue P4OYL and Mike K4GMH put in very similar scores to win in SOE and SOAB; next year they will both be 'experts' in the same class. Another good contest, spoiled for me by the disqualification of over 200 stations for rule violations. Please read the rules before you enter any contest, then check your log complies with those rules before sending it in. Very few top contesters send us their logs 5 minutes after the contest. They check everything then send the log when they are sure it is right; that's one reason why they win.

Vy 73,

**John Barber GW4SKA**  
**BARTG Contest Manager**
