### Contestant's comments:

Hello all, thanks for the contacts. Bad weather on Saturday - storm, rain, wind, etc. I had limited time - only ~7 hrs :- ( and start of contest was amazing - 134 minutes in test - 134 QSOs. TNX, CU **Martin, 4Z8EE/OK1EE**

Strange, linear is in bits on the bench so was restricted to 75 watts. Lousy propagation due to the flares etc., but managed more Q's than last year. You guessed it - I spent more time in the contest! Boy was it a struggle though!

**Roger G3LDI**

First decent bash at a RTTY contest so worth sending in the log. Think it is time to join BARTG. Couldn't cope with 24 hours but enjoyed the 9-10 hours possible **Phil G4OBK**

Thanks BARTG for the sponsoring and doing all the work to put on the Sprint. Bands were not in good condition plus the precipitation (snow and sleet) noise made it rough to copy stations that are, other than yesterday, easy to receive.

**Mike K4GMH**

Had lots of fun, until I pulled my radio off the table and had to repair it ....

**Mike KF4OPX**

Boy this was a tough one with the solar storms. Conditions were the worst that that I have ever operated in a contest. I only had 13 EU mults, which is an all time low. The polar paths were mostly nil. It is hard to imagine only 33 DX mults. **Ted W4ZE**

Only 26 W's and 6 JA's all bands, sounds like I was QRP with indoor antennas...High noise on low bands due to rain/snow on THT power line. 80m noisy, 40m dead very early, 15m which never took off = In short: one to forget !

**Patrick F6IRF**

Tough going from here....terrible conditions on the air and also outside with 100kmph winds and 40cm of snow. Yagi stuck to NE but no Eu sigs could be copied on Saturday! Also the storm raging outside generated the weirdest electrical noises ever heard here at this QTH. QRN obliterated the band at times. Looking forward to Spring contest !! **Frank VO1HP**

Very poor propagation to North America from the South Pacific, only 37 W/VE Contacts. Excellent participation from JA and other Asia stations, made over 160 Asian contacts. Operating hours were cut short due to PC hardware and antenna problems. **Frank ZL2BR**

**Contest Manager's Comments:**

Well, the Sprint was a real 'test' this year! Severe solar disturbances in the 3 days before the contest brought about the worst conditions that many could remember. Contacts between the U.S and Europe were almost impossible on Saturday and not much easier on Sunday. Terrestrial storms also caused high noise levels and wrecked several antennas.

The high notes were the huge level of interest and participation we saw this year and another record entry. 671 logs arrived in the mailbox and over 2000 stations took part in the contest. As band conditions drop off it gets harder for American stations to get consistent runs into Europe, and it was no surprise to see so many Southern European stations in the top places. Congratulations to all our winners and thanks to everyone who battled through to the end ( I was actually about 20 metres under the sea in the Maldives for much of the contest period, but everyone said it was a battle!). Thanks also go to our trophy sponsors for their support and generosity. See you all next year.

**John Barber GW4SKA**  
**BARTG Contest Manager**

Our two RTTY contests are free to enter but cost money to run. BARTG is a small group of amateur radio data ops, unfunded except for membership income. If you have enjoyed the BARTG contests we need you to give a little bit back by joining us. International membership is not expensive .. less than the cost of a newspaper once a week .. you can pay by Paypal with no hassle or extra cost. You will get a monthly datacoms magazine covering all the latest contest and award news plus much more. We need extra members if we are to continue giving out more superb trophies and certificates each year, so please have a look at our website, press the buttons and join us now:
