**Contestant's comments:**

I dont remember another contest with this poor propagation. No work USA stations !!! ..... Walter CX7BF

Nice contest with many new contacts, CUAGN next year ..... Thomas DL4PY

The lower bands and 20 meters were good.Had major equipment problem. Three hours into Contest, the second radio (IC-746) would Contest, the second radio (IC-746) would turn off every time I tried to transmit with more than 10 Watts output. Still did better than anticipated. Thanks to all who were kind enough to work me. .... Mike K4GMH

VERY NICE CONTEST! THANKS TO ALL FOR QSO'S! SEE YOU NEXT YEAR! 73'S .... ANDREI EW1AR-NP3D

Pleased to be in it again, did do 4 tests this weekend so shared my time for several and enjoyed them all. Now regret not working the SA station and not hearing the VK. .... Nico PA0MIR

Thanks for a great contest. Could have hoped for better conditions but had fun anyway. More than doubled my score from last year. .... 73 - Tom W4CU

As always a fun contest. A good run into EU on 15m was a welcome surprise as 15 did not work into the USA. .... Bob ZL2AMI

**Contest Manager's Comments:**

Conditions for the 2007 contest were generally good on the lower bands but very difficult above 20M. Over 2000 stations took part but the amount of logs received was down this year. Scores were down by around 25% for many of the top stations. It was good to see M5ARC in the top ten single ops, a British operator winning the expert class and your contest manager also getting a score good enough for the top ten (why can't I do it in a contest where my score counts?). Thanks to everyone who took part and good luck in the other 2007 tests. 73,

**John Barber GW4SKA**

**BARTG Contest Manager**
