Notes:

SEQUENCE

This List is in **callsign** sequence. If you hold, or have held, more than one callsign then you should check for each of them.

You can **Scroll** down or **Search** this list.

FRIEND OR MEMBER

This column shows your membership status. In general, BARTG numbers less than 8000 denote Members and BARTG numbers of 8000 and greater denote Friends. There are exceptions to these guidelines, typically when a lapsed Member rejoins as a Friend.

F = Friend

HLM = Honorary Life Member

M = Member

DETAILS WITHELD

Some people have requested that we do not publish their details. This List shows their BARTG number but not their callsign, name or any other details. This list aims to be an "**all time**" list and so includes current, lapsed and silent key (**SK**) Friends and Members.

DUPLICATES

Some people have applied more than once to become a Friend of BARTG and so have more than one BARTG number. We now do our best to spot DUPs.
