

April 2015 Crime Figures

From Pc 1603 Howard Shinn:

Please find enclosed the crime figures for my beat areas for the month on April 2015.

The main issues this month are as follows:-

- Catalytic convertor thefts in Keyworth.
- Damage to vehicles in Keyworth.
- Burglary dwellings in the Nevile beat area.

Unusual to have the Catalytic convertor thefts in Keyworth, I believe that the offender to one of the thefts was disturbed and may have prevented others being stolen.

To residents that have vehicles that have a high ground clearance, please make yourselves aware of security measures that can be taken to prevent the theft of catalytic convertors.

The burglaries on the Nevile area were all day time burglaries, we believe that a dark coloured Audi Q5 or Q7 may have been involved in one of the offences, a neighbourhood alert was sent out with regards to that vehicle.

In the Keyworth area there have been a number of vehicles damaged, please be vigilant and report any suspicious activity.

All reports of crime should be made by using the 999 or 101 system to report the incident to the force control room. The beat team monitor all calls to the Police involving our area and we attend those incidents that we need to.
